

Updated Warranty Effective May 1, 2018 (products sold after 5/1/2018)

Nice North America LLC (“NICE”) warrants its products to be free from defects in material and workmanship subject to the terms set forth herein (“Warranty”). The length of this Warranty is based on the particular product or product family listed below. This limited Warranty only extends to those customers who buy direct from NICE or through NICE’s authorized distribution channels. Warranty is determined by product date code or if product is serialized by the date the product is shipped to the customer from our distribution centers.

The user is responsible for all labor costs associated with removing, reinstalling and returning the product to NICE. NICE, at its option, will repair or replace the defective product. Replacements may be made from b-stock products. If an exact replacement is not available, NICE, at its option, will select the nearest equivalent product. NICE will return warranted repaired or replacements by UPS Ground or an equivalent service. A customer may pay the additional costs for second day or next-day service. **All products returned for warranty service first require a Return Authorization Number (“RA#”).** Contact NICE Returns at 1-855-546-3351 for an RA# and other important details.

 - Changes or modifications to the device may void FCC compliance;
 - Infrequently used radio links should be tested regularly to protect against undetected interference or fault.
